

Starter Series iPhone Prompter (SSP07i)

£599

Key Features

A complete hardware package enabling you to create an on-camera unit using an iPhone. (Phone not included.)

- iPhone slots into a custom-made mounting plate to hold it securely in position beneath the glass. This mount can be fitted in landscape or portrait mode.
- The remainder of the hardware is the same as the 7" prompting package, and comes with its own custom-made case.
- Designed to be used with the teleprompting software available for download from the iPhone App Store. Please note that this software is not designed or licensed by Autocue or QTV.

Included in the package

- Pop up, fully adjustable hood
- Ready built mounting system that fits to all tripods and is fully adjustable to deliver balance without the need for counterweights
- Mounting plate for iPhone
- Broadcast quality prompter glass (70:30), designed to produce the clearest reflected image and the optimal light to the camera
- Custom-made case with foam inserts to protect the teleprompter
- Quick installation guides and detailed user manuals
- Full warranties – 1 year for monitor; 3 years for hardware
